Dear Mr. Riche:

By letter dated July 15, 2024, Shell Offshore Inc. (Shell) requests approval of a Suspension of Production (SOP) and a revised activity schedule for the Mississippi Canyon (MC) Block 612 Unit, Agreement No. 754319003. The unit consists of Lease OCS-G 33166, and portions of Leases OCS-G 33744, 33752, and 35830, and was held by an SOP through July 31, 2024.

Shell continues to progress the subsea systems and host preparation activities required to tie back the initial development wells to the host facility and commence MC Block 612 Unit production.

In accordance with Articles IX, XVI, and XVII of the Unit Agreement, and 30 CFR 250.174(a), an SOP and a revised activity schedule for the MC Block 612 Unit are hereby approved from August 1 through December 31, 2024. This unit suspension excludes Lease OCS-G 35830, since the primary term extends beyond the expiration of the SOP. Shell is expected to follow the enclosed SOP activity schedule and must notify this office in writing (progress report) by the end of each month in which a deadline is scheduled. If you have any questions, contact Mr. Imran Vahora at (504) 736-2664 or imran.vahora@bsee.gov.
