Dear Ms. Gravouilla:

By letter dated July 6, 2024, and supplemental information received July 9, 2024, BOE Exploration & Production LLC (BOE) requests approval of a Suspension of Production (SOP) and a revised activity schedule for the Walker Ridge (WR) Block 271 Unit, Agreement No. 754323005. The unit consists of Leases OCS-G 35080, 35081, and 35733, and a portion of Lease OCS-G 36084, and was held by an SOP through July 31, 2024.

Production is expected to commence following developmental well drilling, and installation and commissioning of the host facility and subsea production systems.

In accordance with Articles IX, XVI, and XVII of the Unit Agreement and 30 CFR 250.174(a), an SOP and a revised activity schedule for the WR Block 271 Unit are hereby approved from August 1, 2024, through May 31, 2025. This unit suspension excludes Leases OCS-G 35733 and 36084 since their primary terms extend beyond the expiration of the SOP. BOE is expected to follow the enclosed SOP activity schedule and must notify this office in writing (progress report) by the end of each month in which a deadline is scheduled.
